## AIM TECHNOLOGIES

### Product Catalogue

AIM Technologies is a leading Electronics, Communication and software services company that caters to diverse industry verticals. Founded in 2002, AIM Engineers are providing solutions to enterprises across AP. AIM Technologies development center are located in KAKINADA, Andhra Pradesh, India.

We are multi-disciplinary engineering service providers as well as manufacturers of various electronic products including Embedded Automatic Timers, School or College Bell Timers, Industrial Timers, Water Level Controllers, Liquid Level Controllers, Liquid Level Alarms, Home and Industrial Automation Products, Auto Starters, Motor Controllers, GSM Based Controllers, Wireless Controllers, Customized Electronic Products and many more...

#### Embedded Automatic Timers:

- Automatic School Bell/College Bell Timer
- Automatic Street Light Timer
- Automatic Hording Light Timer
- Automatic Motor Timer
- Automatic Industrial Timer

#### Automatic Water Level Controller's:

- Fully Automatic Water Level Controller
- Semi-Automatic Water Level Controller
- Automatic Water Level Controller with Overhead and Sump Tank
- Automatic Water Level Controller with Dry run Protection
- Automatic Water Level Controller for Submersible Pumps
- Automatic Water Level Controller for Three Phase Motors
- GSM Based Motor Pump Controller

#### Home Automation Products:

- Remote Controlled 4 Channel home automation System
- Remote Controlled 8 Channel home automation System
- Bluetooth Based 4 Channel home automation System
- Bluetooth Based 8 Channel home automation System
- IOT / WiFi Based 4 Channel home automation System
- IOT / WiFi Based 8 Channel home automation System

### Industrial Automation Products:

- Industrial Automatic Timers
- Industrial Motor Timers

### LED Matrix Scrolling Displays:

- Medical + Sign Blinkers and Displays For Medical shops
- Medical Doctor Sign Blinkers and Displays For Hospitals
- LED Matrix Scrolling Displays for Shops, Hospitals etc.

### Auto Starters:

- Single Motor Starters
- Three Phase Motor Starters

### Motor Controllers:

- GSM Based Motor Pump Controller
- Timer Based Motor Controller

### Alarms:

- Water Level Alarms
- Liquid Level Alarms

## Some of our Products

### Embedded Automatic Timer

Can be used as School/College

Bell timer, Street light Timer, Motor timer and Industrial Timer

### Water Level Controller

With Sump And Overhead tank

**Water Level Controller  
Fully Automatic**

**GSM Based Motor  
Pump Controller**

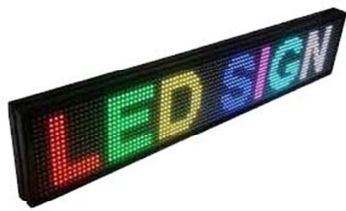

**Water Level Controller  
(Semi Automatic)**

**GSM Based Motor  
Pump Controller**

LED Matrix Scrolling Display

LED Medical + Flasher
